A Closer Look at Release 7.2:

Excel Output, Query Development, and Web Reporting Enhancements

During this *NGS-IQ* Share & Learn webinar, we'll provide helpful tips for everyone, including:

- users who need to get data into Excel
- query developers
- people looking for more effective ways to integrate reporting into intranet pages and Web portals

In the process, you'll learn more about several features of *NGS-IQ* release 7.2.
